Motivational Insights for Extreme Success

It seems that all we hear on the news programs today is negative. With corporations downsizing/reducing staff, banks failing, the housing market suffering, the commercial real estate market crashing and the stock market dramatically fluctuating, it's no wonder we think and act negatively. The ACE committee hopes that you will join us on Wednesday, November 18th from 4:00 p.m. – 6:00 p.m. at the City Club of Buckhead to hear Dr. Michael Duckett, author of *Creating Mental Codes for Success – Secret Powers of the Mind*. With his simple program, he will motivate each one of us to change the way we think in order to bring us all to the next level!

Formerly an orphan on the streets of Detroit, Dr. Duckett is now considered one of the most brilliant minds of our time on scientifically proving how thoughts create our *material lives*. ([Click here to read more](#))
